VIANDANTE

del Cielo

RED 2018 VIANDANTE DEL CIELO

IGT Umbrie

The Viandante del Cielo estate is located in central Italy at an altitude of 370 meters. Four hectares of vines are planted on narrow terraces facing Lake Trasimeno. The estate's three wines are perfect expressions of the Viandante del Cielo character and mission: sophisticated, exquisite, unique. Very limited production.

Viandante' is our boldest creation, a wine of structure and poise modelled on the great vintages of Bordeaux, dominated by Cabernet-Sauvignon with an important Merlot supporting act.

The varieties may be international, but the lakeside terroir exerts a strong influence and makes this a distinctly Umbrian variation on the theme.

GRAPES

85% Cabernet-Sauvignon - 15% Merlot

HARVEST

Ancestral tradition, 100% manual work, without any mechanism. The vines, benefiting from a microclimate, are exposed to the south and southwest on the hillsides, on soils which tend to concentrate tannins of character

SOILS

Cabernet-Sauvignon grows high up on arid sandstone soils, while Merlot thrives on fertile alluvial soils in the lower slopes

ALTITUDE

330 - 370m

VINIFICATION

Fermentation takes place immediately after the harvest, in temperature-controlled concrete tanks, in order to preserve the aromatic freshness of the wine

AGED

14 months of aging in French oak barrels, new Bordeaux barrels from different forests and guaranteeing a perfect maturation, before a long aging time of 8 months in bottles

TO THE EYE

Dark ruby with violet tint

NOSE

Delicate nose blending notes of cigar box, blackcurrant and morello cherries, dried plum, espresso and dark cocoa powder to then reveal spices and an undergrowth side

PALATE

The fresh attack blends with a lovely concentration, notes of black cherry, prunes and redwood bark which captivate the senses with very present tannins with a fine grain

FOOD PAIRING

Venison medallions or pan-fried duck breast with a plum reduction

GRAPE :
100% Pinot noir

HARVEST :
Manual harvest, in 25 kg crates

SOILS :
A hilly region dominated by sandstone, silt, and shale. These shallow, rocky soils provide excellent drainage, giving the grapes a highly concentrated aroma. Specific plots and rows are selected based on their sun exposure. The rocky soil, present in all plots, forces the roots to seek out fertile soil to produce intensely flavored fruit. The rocks in the soil retain the sun's heat, allowing the roots to extend the growing season and the fruit to ripen slowly.

ALTITUDE :
300m

VINIFICATION :
Grapes from different plots are fermented separately in stainless steel tanks and aged in new French oak barrels. At every stage of the winemaking process, we ensure that we use the best techniques to produce this Pinot Noir

AGED :
Vinification and aging in barrels for 12 months. 30% of the volume in new French oak barrels

Deep ruby color

Soft aromas of black raspberries and hints of cardamom, vanilla and black tea

PALATE :
Fruity liveliness of a bowl of cherries, leaving a silkiness on the palate

Red meats in sauces, such as flank steak with pepper sauce and baby potatoes

AGING :
